

■ 'More' and 'less' are about comparing things

© Commonwealth of Australia 2006

■ What we do and what it means

Dad: Ollie, there isn't any more spaghetti. Do you want some more sausages?

Ollie: No, I have enough. Look how many I got!

Knowing what 'more' and 'less' means helps children know how to compare different amounts.

Comparing different amounts is necessary for maths development because later children will be able to compare groups of things, counting which has more.

An Australian Government initiative, funded by the Department of Education, Science and Training
